About Us

Analytical Equipment Solutions (AES), We dedicated to providing high-quality analytical instruments and services across India. We focus on precision and innovation, offering a wide range of laboratory instruments, gas generators, and accessories. The company provides comprehensive support, including installation, maintenance, technical assistance, and product customization.

We also offer upgrade and trade-in programs to ensure customer satisfaction and product longevity. Our commitment to quality and integrity reflects in our customer service and product performance.

Why Choose Us?

We are committed to delivering exceptional value and support to our customers. Here's why AES stands out as the preferred choice for analytical instruments and laboratory solutions:

Precision and Quality You Can Trust

- Our products are designed and manufactured using advanced technology to ensure accuracy, reliability, and long-lasting performance.
- Every product undergoes rigorous testing to meet the highest industry standards.

Customization and Flexibility

- We understand that every lab has unique requirements. That's why we offer product customization to meet specific operational needs.

Competitive Pricing and Value

- We provide high-quality products at competitive prices, ensuring excellent value for your investment.

Commitment to Excellence

- Integrity, innovation, and customer satisfaction are at the core of our operations.
- We prioritize building long-term relationships with our clients by providing consistent value and support.

Choosing AES means choosing reliability, precision, and a partner committed to your success. Empower your lab with cutting-edge solutions from Analytical Equipment Solutions!

PRODUCT INFORMATION

ANALYTICAL APPLICATION & INSTRUMENTS FOR LAB

- Ultrasonic Bath
- Ultrasonic Bath with DTC, PSP, D-Gas
- Ultrasonic Bath with Chiller
- Probe Ultrasonic Bath
- Vortex Mixer
- Multi Tube Vortex Mixer
- Digital Orbital Shaker
- Orbital Shaking Incubator
- Mini Hydraulic Press Manual – 2 to 3 Ton max.
- Hydraulic Press Manual - 15 Ton / 25 Ton / 40 Ton
- Hydraulic Press Automatic – 15 Ton / 40 Ton
- KBR Die Set
- KBR Pellet Holder
- HPLC Column Washing Pump
- HPLC Column Cabinet
- HPLC Liquid Flow Meter
- Digital Gas Flow Meter
- GC Column Cabinet
- Solvent Filtration Kit
- Dry Box/Oven with Digital Controller.
- Recirculating Water Chiller bath
- Oil Bath
- Ultrasonic Activity Meter
- Laboratory Thermometer
- Gas Detectors / Transmitter / Sensor
- Nitrogen Evaporator

GAS GENERATORS

- Nitrogen Gas Generator
- Hydrogen Gas Generator
- Zero Air Gas Generator

Zero Air Gas Generator

Nitrogen Gas Generator

Services Offered

Customer Support:

Ongoing assistance through various channels such as phone & email

Product Installation:

- a) Professional installation and setup of the product, if applicable.
- b) Tutorials or training sessions to ensure the proper use of the product

Warranty & Repairs:

Repair services and warranty support in case of any defects or malfunctions.

Technical Assistance:

Troubleshooting and resolving any technical issues with the product.

Maintenance Services:

Regular maintenance or servicing to ensure the product continues to function properly.

Spare Parts & Accessories:

Availability of genuine spare parts and compatible accessories for replacement or upgrade.

Consultation:

Expert advice and consultation to maximize the usage or performance of the product.

Product Customization:

Offering customization or personalization services for specific needs or preferences.

Upgrades & Trade-in Programs:

- a) Opportunities to upgrade your current product or trade it in for a newer model.
- b) We offer a buyback option for your product and provide you with the best possible discount on your next purchase.

AMC & Calibration:

- a) Annual Maintenance Contract (Both Comprehensive as well as non-comprehensive)
- b) Annual Calibration and Validation.

Additional Services:

- a) **Spare Parts Support** – Providing genuine spare parts for chambers of all types.
- b) **IQ, OQ, PQ Documentation** – Offering Installation Qualification (IQ), Operational Qualification (OQ), and Performance Qualification (PQ) documentation.
- c) **Calibration and Validation Services** – Ensuring accurate calibration and validation for precise operation
